

RACE SCHOOL

Our objective to our students

Whether a seasoned veteran or a new driver, our coaching and licensing programs are designed to provide you the tools to pursue your passion. Led by Nick Aiuto, a seasoned instructor and professional driver in various facets, you will be fully immersed into a challenging program that will test you both mentally and physically.

Earn your license and gain the edge against your future competitors through our 2-day SCCA Licensing School.

NICK AIUTO

CHIEF DRIVING INSTRUCTOR

CELL 928 300 1442

Founded on the Principals:

/ SAFETY / QUALITY / DELIVERY / FLEXIBILITY

Aiuto Custom Coaching Solutions builds its program and teaching philosophy around these four key pillars: Safety, Quality, Delivery and Flexibility. Every decision made by the school and its instructors must clearly justify these pillars, in order and without exception. To us, these are the building blocks of any competent successful racing driver.

SCCA Licensing:

As a graduate of the SCCA licensing program you will have obtained a SCCA Novice Permit with credit of 1 race event. This license will allow you to race regional SCCA events, and upon completing 2 additional events you will have the opportunity to apply for your Full Competition License.

The school is by your side and provides all necessary paperwork and contacts to streamline this process for our students. Due to the relationships we have cultivated with SCCA and Inde Motorsports, you as a graduate can race at IMR with the SCCA Arizona Region to gain the necessary 2 events and invaluable seat time.

8% Discount for Founding members on licensing courses

4% Discount for Executive members on licensing courses

INDE

ACCS - SCCA Licensing Program

This immersive 2-day program led by seasoned Chief Instructor, Nick Aiuto through the Aiuto Custom Coaching Solutions school provides graduates with a SCCA Novice Permit with credit of 1 race weekend. Graduates will be able to apply for a full-competition license after completing 2 additional SCCA events.
